

**LAKERIDGE CONDOMINIUM ASSOCIATION
HOUSE RULES, REGULATIONS, AND GENERAL
INFORMATION
FOR OWNERS AND TENANTS**

INTRODUCTION

These rules and regulations have been developed because of the close proximity of our neighbors. Most of the rules are only a matter of common courtesy. All these rules are covered in the "Condominium Documents" which every owner agrees to at the time of purchase. Lakeridge is only going to be what we, the Residents, make it. With everyone's cooperation, Lakeridge Condominiums can be one of the most beautiful and enjoyable places to live in Florida.

1. PARKING

A. Each Resident has one (1) assigned parking space. Additional vehicles are to be parked in "Guest" spaces OTHER THAN THOSE ADJACENT TO THE NORTH END OF THE BUILDING. If residents with more than one vehicle are temporarily using under-cover parking spaces for both vehicles, A LETTER GRANTING PERMISSION MUST BE ON FILE IN THE OFFICE.

B. Please advise your Guests to use the parking spaces marked "GUEST."

C. The One Hour parking spaces at the South end of the building are for pick-up and delivery only and are not to be used for long-term parking. Once loading and unloading is completed, vehicles must be relocated to the grass area outside the South gate.

D. Parking is for passenger vehicles only.

E. Residents, visitors or contractors MAY NOT park any type of motor home, camper, pull behind trailer, or recreational vehicle in the Parking Area.

F. Vehicle maintenance in the Parking Area is prohibited, except in an emergency. Minor maintenance in the car wash area or grassy area outside the South gate is acceptable.

2. RUBBISH DISPOSAL AND RUBBISH STORAGE ROOM

A. GARBAGE – All garbage MUST be placed in plastic bags and tied securely before disposal down the rubbish chute.

B. FLUORESCENT TUBES – Fluorescent tubes are under NO circumstance to be sent down the Rubbish

Chute. There is a dust coating on the inside of the tubes, which is extremely toxic. Bring burned-out fluorescent tubes to the Rubbish Storage Room and stack them on end against the wall to the right of the dumpsters. The Custodian will see that the tubes are disposed of in a safe manner.

C. CARDBOARD CARTONS – Cardboard cartons are to be broken down and flattened prior to placing in the Dumpster farthest from the rubbish chute. The breaking down of the boxes is NOT the responsibility of the maintenance staff. Large cardboard boxes are to be placed to the right side of the dumpster after they have been broken down and flattened.

3. GARBAGE DISPOSALS AND WASTEWATER

A. In order to prevent wastewater back up in the lower units, only “low-sudsy” or “HE” (“High-Efficiency”) soaps and/or detergents are to be used in sinks and washing machines.

B. DO NOT use bubble bath in the tub or shower.

C. DO NOT put grease or coffee grounds into the sink drain or garbage disposal. In addition, DO NOT put citrus peels or pulp, or stringy vegetables such as celery, cabbage, etc., through the garbage disposal units.

D. Disposals should be flushed thoroughly with cold water.

E. Bones and grease should be put in sealable plastic bags or cans (these can be placed in your freezer until ready for disposal, if desired), and then placed in the Dumpster farthest from the rubbish chute in the Rubbish Storage Room prior to 8:00 AM on Mondays and Thursdays, when the Dumpsters are emptied.

4. USE OF RECREATION FACILITIES

A. Guests of the residents are not to use recreation facilities when the residents are not in residence, except by notification to, and approval by, the Board of Directors, and are to be used, only then, as outlined in Sections 5, 6 and 7.
